New "Vintage Dead" drum kit for Addictive Drums 2 arriving on October 29

We're thrilled to announce the **October 29** release of "Vintage Dead" ultra-dead drum kit ADpak expansion for Addictive Drums 2.

Ultra dead drums that hit harder

Revive any track or mix with ultra-dead vintage drums that hit harder.

- Perfect for beat-making, modern indie, and hard-hitting rock.
- Custom-dampened vintage kit with tons of mojo.
- Resurrect your tracks with the thump, smack, slap, and punch they need.

A beat-making powerhouse for any style

Equally perfect for beats and breaks, psychedelic indie pop in the vein of Tame Impala, Khruangbin, and Glass Beams, or hard-hitting rock like Queens of the Stone Age, and Death from Above 1979, the Vintage Dead ADpak packs the punch you need to revive your tracks.

Make your tracks slap with mix-ready presets created by the scene's best, and beats performed by amazing drummers and beatmakers.

Say goodbye to the rigid workflow of loops. Experience the freedom and dynamics of Addictive Drums 2 with its multi-sampled drums and unlimited customizability.
