### Addictive Drums 2 update v2.5 arriving on October 22

We're excited to announce the release on **22 October 2024** of the eagerly awaited **v2.5 update for Addictive Drums 2**.

The update builds on the Addictive Drums 2 tradition of fantastic-sounding drums with an unbeatable user experience and fast workflow.

#### What's new in update v2.5?

The v2.5 update gives all users of Addictive Drums 2 plenty of workflow improvements and several brand new features:

**A brand new look**: Addictive Drums 2 now has a new stunning, sleek design. It's the Addictive Drums 2 you know and love, but more visually appealing. The new look helps keep you focused on what's really important: your music.

**New "Trig Gate" effect**: The new Trig Gate lets you mangle your drum sound and still get perfect gate action on every drum hit. No need to dial in threshold settings - the gate is perfectly triggered by the internal midi drum notes.

**New compressor "Boost" mode**: Make your drums hit harder with the click of a button. The new "Boost" mode adds a new level of thump and attack to your beats, fueled by an XLN-approved multiband compression tailored for drums.

**Even better EQ**: The EQ now has clear real-time visual feedback of the signal across all frequencies. All settings are clearly visible for easier and more precise adjustments.

## Addictive Drums 2

#### **Price and availability**

Prices for all Addictive Drums 2 products remain the same.

The update is free for all existing Addictive Drums 2 licence owners.

The update will be available through the XLN Online Installer on <u>xlnaudio.com</u>.

#### Compatibility

The v2.5 update is backwards compatible. Material created in previous versions of Addictive Drums 2 will work and sound as intended: presets, tweaks, mix settings, MIDI beats and other settings. The update works with all Addictive Drums 2 expansions (ADpaks, MIDIpaks and Kitpiece paks).

#### **Updated Addictive Drums 2 product information**

With the release of update v2.5 we have updated all product information material for Addictive Drums 2.

<u>Click here to access the new material</u>, including product descriptions and visual assets (screenshots, logotypes and product images).
